Development Journey

Technology Readiness Level Index (TRL)

2020		2023	
TRL 1 & 2 Technology research	TRL 3 Feasibility research	TRL 4 & 5 Prototype development	TRL 6 Technology demonstration
Research concept Technology concept formulated	Proof of concept Active R & D undertaken	Prototype tested and proven Prototype results and process advanced. Integration occurs	Prototype testing in operational environment Major step up in model performance
	Q		

TRL 7 & 8 System Commissioning

Operational environment demonstration.

Proven to work in final form. End of system development.

TRL 9 System Operation

Final product successfully deployed.
